

Bigg-A-Bed Wooden Frame Installation Guide

USE IS AT YOUR OWN RISK.
YOU ARE RESPONSIBLE FOR PROPER INSTALLATION OF YOUR BIGG-A-BED.
MIDDLEBURY PROHIBITS THE USE OF BIGG-A-BED ON A LOFTED BED.

If you have any questions about the installation process, please contact us at contact@biggabed.com.

Note – If you plan on raising your bed, we highly recommend you do so before installing your Bigg-A-Bed, as it will be significantly harder to do so afterwards. The distance between the bed frame and the ground must not exceed 3ft (the highest available setting on the standard bed frames). Third-party bed risers must NOT be used in conjunction with the Bigg-A-Bed system.

Included in your Bigg-A-Bed package:

- 2 Bigg-A-Bed wooden frame attachments
- Zip ties

Potential additional items:

- Custom sized Bigg-A-Bed foam mattress extension
- Mattress protector
- Mattress topper
- Support layer
- Large clear plastic mattress moving bag (please keep and return your Bigg-A-Bed package in this at the end of your rental period)

Instructions

THERE ARE TWO DIFFERENT COLLEGE BED FRAME TYPES. STEP 2 DIFFERS SLIGHTLY DEPENDING ON WHICH FRAME YOU HAVE. STEP 2A IS FOR THE “RAILS” FRAME TYPE, AND STEP 2B IS FOR THOSE WITH THE “CHEST” FRAME TYPE (it has drawers under the bed as opposed to empty space).

1. **Pictured:** Bigg-A-Bed wooden frame placed onto the college provided bed frame.

Place both frame attachments onto the college provided bed frame. The 1x2” wooden rails should sit roughly flush to the outside of the college bed frame.

2. FOR "RAILS" BED FRAMES

a)

Zip ties should be placed on each side of each Bigg-A-Bed attachment, as pictured below. The exact location of the zip ties isn't important, as long as you have one on each side of each frame piece. Wrap the zip tie as tightly as possible around both the rail of the Bigg-A-Bed attachment and the college provided bed frame, as shown in the second picture. Place extra zip ties as available.

a) **FOR "CHEST" BED FRAME TYPES**

Wrap the zip tie as tightly as possible around the crosswise 1x4" slats of the Bigg-A-Bed frame and the college provided bed frame's inner support beams (the things that look like waves in the picture below). Zip ties should be placed on each side of each of the two different Bigg-A-Bed frame pieces.

IF YOU PURCHASED THE “BIGG-A-BED FRAME” PACKAGE, YOUR SETUP IS COMPLETE. IF YOU PURCHASED THE “MIDD KID BIGG-A-BED” PACKAGE, CONTINUE TO STEPS 3 - 8.

3.

Place the Bigg-A-Bed foam against the wall beside the college mattress. Adjust the foam so that it is flush with the college provided mattress.

4. **Pictured:** Bigg-A-Bed mattress topper on top of the Full-XL sized bed.

Place your personally owned or Bigg-A-Bed mattress topper over the Bigg-A-Bed foam and the college provided mattress.

5. **Pictured:** mattress cover on the Full-XL Bigg-A-Bed.

Install the Bigg-A-Bed provided mattress cover over the Bigg-A-Bed foam mattress extension and mattress topper. The cover does not have to go over the college mattress. For ease of installation, slide it on from the top of the bed and place the zipper at the bottom.

6. Place your own Queen, Full-XL or Full-size deep-pocket sheets on your bed.

Your Bigg-A-Bed is complete!
