

Bigg-A-Bed Installation Guide

USE IS AT YOUR OWN RISK.
YOU ARE RESPONSIBLE FOR PROPER INSTALLATION OF YOUR BIGG-A-BED.
MIDDLEBURY PROHIBITS THE USE OF BIGG-A-BED ON A LOFTED BED.

If you have any questions about the installation process, please contact us at contact@biggabed.com.

Note – If you plan on raising your bed, we highly recommend you do so before installing your Bigg-A-Bed, as it will be significantly harder to do so afterwards. The distance between the bed frame and the ground must not exceed 3ft (the highest available setting on the standard bed frames). Third-party bed risers must NOT be used in conjunction with the Bigg-A-Bed system.

Included in your Bigg-A-Bed package:

- Bed frame extension pieces
- Bed frame wooden support beam (6' 8" wooden beam)
- Zip ties
- Bigg-A-Bed tote bag (for you to keep!)

Potential additional items:

- Custom sized Bigg-A-Bed foam mattress extension
- Mattress cover
- Mattress topper
- Large clear plastic mattress moving bag (please keep and return your Bigg-A-Bed package in this at the end of your rental period)

Instructions

1. **Pictured:** attachment piece and extension piece.

2. **Pictured:** Extension pieces attached to the bed frame and wooden support beam placed on extension pieces.

Place the extension pieces evenly across the length of the bed, as pictured. **Extension pieces must be attached to the wall-facing side of the bed.** The wooden support beam should be placed with the outer edge approximately 4" from the end of the extension piece and should be installed parallel to the long side of the bed frame. The ends of the wooden support beam will align with the ends of the bed.

3. **Pictured:** a zip tie wrapped around the extension and support piece.

Wrap the zip tie diagonally around both the metal extension and wooden support beam. **Ensure that the zip tie is pulled tightly, and that the sharp leftover length of the zip tie is not sticking up.**

Do the same thing across the other diagonal with another zip tie.

Follow step 4 for all extension pieces on the frame.

IF YOU PURCHASED THE “JUST A BIGG-A-BED” PACKAGE, YOUR SETUP IS COMPLETE. IF YOU PURCHASED THE “MIDD KID BIGG-A-BED” PACKAGE, CONTINUE TO STEPS 5 - 9.

4. **Pictured:** the college provided mattress moved onto the Bigg-A-Bed Support Frame.

Move your college provided mattress into position on top of the Bigg-a-Bed support frame. It should be directly against the wall.

5. **Pictured:** the Bigg-A-Bed foam placed onto the bed frame.

Place the Bigg-A-Bed foam onto the empty space on the college bed frame. Adjust the foam so that it is flush with the college provided mattress.

6. **Pictured:** Bigg-A-Bed mattress topper on top of the Full-XL sized bed.

Place your personally owned or Bigg-A-Bed mattress topper over the Bigg-A-Bed foam and the college provided mattress.

7. **Pictured:** mattress cover on the Full-XL Bigg-A-Bed.

Install the Bigg-A-Bed provided mattress cover over the dorm mattress, Bigg-A-Bed foam insert, and mattress topper. For ease of installation, slide it on from the top of the bed and place the zipper at the bottom. This is easier to do with two people.

8. Place your own Queen, Full-XL or Full-size deep-pocket sheets on your bed.

Your Bigg-A-Bed is complete!

If you are confused about any step in the process send us an email at contact@biggabed.com. This email address is regularly monitored, and we will respond quickly to any questions or concerns.

Please ensure that you have read the [Rental Agreement](#).
